# 1. Introduction

---

Hamlet Wireless Compact Keyboard 400CWB is a compact keyboard equipped with Bluetooth and 2.4GHz RF wireless technology. It is the ideal solution to comfortably control devices such as Smart TV, Projectors, Media Center, Computer, Tablet PCs and Smartphones. The keyboard is powered by a built-in rechargeable Li-ion battery that provides extended use on a single charge and includes a nano USB receiver for the 2.4GHz wireless connection.

## Features

- Wireless compact keyboard with 78 keys Italian layout
- Wireless RF 2.4 GHz and Bluetooth 4.2 connection
- Wireless range up to 10 m
- ON/OFF power switch
- Micro USB charging port
- Battery capacity: 150 mAh
- Dimensions: 285 x 121 x 16.5 mm
- Weight: 330 g
- Compatible with Windows 7/8/10/11, Mac, iOS and Android

## Package Contents

- Wireless Keyboard
- Nano USB receiver
- Micro USB charging cable (USB-A to Micro USB)
- User manual

---

## 2. Installation

---

The keyboard can be used with up to three devices, two devices connected via Bluetooth and a third via the 2.4GHz nano USB wireless receiver that comes with the keyboard.

The procedure for pairing the keyboard with the device is described below.

### Bluetooth pairing (BT1/BT2)

1. Turn on the power switch on the upper right side of the keyboard.
2. Press **Fn + 1** or **Fn + 2** keys for a few seconds until Led 1 (Caps) or Led 2 (Mode) indicator starts flashing then release the keys.
3. On your device, open Bluetooth settings and select "XKK400CWB-IT" in the devices list to connect and complete pairing. After successful connection, the Led indicator turns off.

### Wireless pairing (2.4GHz)

1. Turn on the power switch on the upper right side of the keyboard.
2. Press **Fn + 3** keys for a few seconds until the Caps and Mode led indicators starts flashing then release the keys.
3. Connect the USB nano receiver to the computer you want to pair. The USB receiver is housed on the back of the keyboard.
4. The connection completes automatically and the LEDs turn off.

Once the devices are paired, press **Fn + 1** (BT1), **2** (BT2) or **3** (2.4G) keys once to switch between the different devices.

---

### 3. Use of the function keys

---

The Fn key located at bottom left of the keyboard allows you to activate function keys identified by text and symbols printed in blue. Use the function keys at the top of the keyboard to control multimedia functions of your device such as e-mail, music playing, volume, display brightness and more.

Hold down the Fn key on the keyboard and press the desired function key to type the character or activate the function.

Standard function keys (F1, F2...) work differently depending on keyboard preferences of your system. If multimedia keys do not work, hold the **Fn** key when pressing a function key.

The keyboard features three shortcut keys that allow you to quickly configure multimedia keys according to the operating system used.

- Press **Fn + Q** (iOS) for Mac OS.
- Press **Fn + W** (Android) for Android 5.0 or later.
- Press **Fn + E** (Windows) for Windows 10 or later.

---

### 4. Battery charging

---

To charge the battery, plug the provided USB charging cable into keyboard's Micro USB port and to a powered USB port.

During charging, the LED next to the battery icon on the keyboard turns red.

A full charge requires about 2-3 hours or until red light turns off.

#### **NOTE**

We recommend to fully charge the keyboard before first use.

## LED indicator function

<b>ACTION</b>	<b>MODE</b>	<b>LED1 (Caps)</b>	<b>LED2 (Mode)</b>
Switch mode	BT1	Quick flashing 3 times	Off
