2. Installation

Windows installation

The XURS232 adapter is automatically recognized by the operating system once connected to the computer's USB port without the need to install drivers.
If necessary, run Windows Update to check for any driver updates.

Mac OS installation

The XURS232 adapter is automatically installed using built-in drivers embedded in the operating system on Mac OS 11 or later.
On systems running Mac OS 10.9 to 10.15 it is necessary to install the drivers available for download on the product page on the website www.hamletcom.com/products/xurs232.aspx.
