Dear Customer,

Thanks for choosing a Hamlet product. Please carefully follow the usage and maintenance instructions in this document.

#### **DISPOSAL OF THIS PRODUCT**

The crossed-out wheeled bin symbol on the product or on its packaging indicates that this device is subject to Directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The Directive states that the product at the end of its useful life must not be disposed of with household waste but must be delivered to collection facilities, recycling depots or waste disposal companies. Disposal is free of charge. Dispose of this device correctly to protect the environment. To dispose of the product or its packaging, consult the regulations of your municipality.

We inform you this product is manufactured with materials and components in compliance with RoHS Directives 2011/65/EU & (EU) 2015/863 and EMC Directive 2014/30/EU for the following standards:

EN 55032

EN 55035

The complete CE declaration of conformity for the product and a copy of the manual are available on the Hamlet website [www.hamletcom.com](http://www.hamletcom.com).

For any information or additional documentation contact Hamlet at the e-mail address [info@hamletcom.com](mailto:info@hamletcom.com). Visit [www.hamletcom.com](http://www.hamletcom.com) for complete information on all Hamlet products and to access downloads and technical support.

#### **Trademarks and changes**

All trademarks and company names mentioned in this manual are used for description purpose only and remain property of their respective owners.

The material in this document is for information only. Contents, specifications and appearance of the product are indicative and may change without notice.

## Safety Information

Before using the product, read the warnings and the instruction manual. Please visit [www.hamletcom.com](http://www.hamletcom.com) to view the complete documentation, manuals and updated safety information.

Keep this information for future reference.

Do not force the connector into the device ports to avoid causing damage. Forcing the connector may irreparably damage the product. Remember that electronic connectors may be similar but incompatible.

**IMPORTANT: Keep the product and its packaging out of reach of children, unauthorized persons and pets.**

Danger: some parts may come off and be accidentally swallowed.

Product designed for indoor use and away from humidity, water and heat sources.

To avoid even lethal dangers, the device must be used exclusively in these conditions and for the purpose for which it was built.

The manufacturer declines all responsibility for dangers arising from improper use, tampering or unauthorized repair attempts.

**Danger: It is strictly forbidden to make any modifications to the product.**

**In the event of breakage or damage to parts or accessories, immediately stop using the device and contact technical support.**

Prolonged exposure to loud noises can cause permanent hearing damage. Always check the audio volume before starting the device.

THE MANUFACTURER SHALL NOT BE HELD RESPONSIBLE, UNDER ANY CIRCUMSTANCES, FOR ACCIDENTS OR DAMAGES RESULTING FROM IMPROPER USE OF THE DEVICE OR FAILURE TO COMPLY, EVEN PARTIALLY, WITH SAFETY REGULATIONS.

## Introduction

Hamlet Smart Headset is a lightweight stereo headset with adjustable microphone for hands-free communication. It is ideal for Internet calls via telephony applications such as Zoom, Microsoft Teams, Google Meet, online gaming sessions, listening to music and chatting. Smart Headset has a comfortable design thanks to the adjustable headband and the soft ear pads that help to reduce ambient noise. The built-in microphone offers good voice quality and can be positioned freely.

Installation is very easy thanks to Plug-and-Play function, simply plug the cable into your computer without the need to install additional software, while the volume controls are at hand on the cable.

## Features

- Stereo headphones with adjustable microphone and headband
- Volume and mute controls on the cable
- Lightweight and comfortable
- Soft ear pads
- Frequency response: 20-20000 Hz

  - USB-C connector with USB-A adapter (HHEADMUS-CA)

## Package contents

- Headphones with microphone
- User's guide

## Installation and use

The installation of Smart Headset headphones is very simple. Depending on the model, simply connect the headphones by inserting the cable into the USB-A or USB-C port on your computer.

The headphones are automatically recognized by the system and immediately ready for use.

Wear them adjusting the amplitude of the bow and the inclination of the microphone arm.

Adjust the volume settings using the inline controls on the cable or the operating system.

The image below shows the functions of the remote control buttons.
