FIREWIRE® 800 TECHNOLOGY FOR THE NEW PCI AND PCMCIA CARD BY HAMLET.

Hamlet presents his new cards , with the Firewire® IEEE 1394b™ standard with Speed up to 800 Mbps. The new Hamlet cards are very easy to set up and represent the ideal solution for frequent connection from notebook or desktop to video cameras, memories ,scanner or other peripherals equipped with same technology.

Taipei, Taiwan, 29th July 2004 – Hamlet, one of the leader brand in the Solutions Market for Connectivity and Networking ,add the new PCMCIA and PCI cards to its current range of Firewire® cards ,based on the IEEE 1394b™ last generation standard.

The new cards HFW800CB and HFW800CI, using the new Firewire® technology IEEE 1394b™ , can link notebook or desktop to hard disk, video cameras, printers, scanner and CD o DVD recorder ,having the same data transferring standard, up to 800 Mbps, with a speed twice as fast than the previous generation standard IEEE 1394a™.

Moreover, the new cards by Hamlet are compatible with the fast and safe link to the previous generation Firewire® devices, with a speed of up to 400 Mbps .

The PCMCIA HFW800CB dispose of 9 pin port for IEEE 1394b™ standard connection , a 6 pin port and a 4 pin port for IEEE 1394a™ standard, and a continuous power flow while the HFW800CI PCI dispose of 3 ports 9 pin IEEE 1394b™.

The new cards with Firewire® 800 technology by Hamlet support the latest O.S. Microsoft® e Macintosh®.

HFW800CB Features:

- Chipset TI TSB81BA3 (PHY) e TSB82AA2 (LYNX)
- Bus PCI 64-bit
- 1 port 1394b (9-pin), 1 port 1394a (6-pin), 1 port 1394a (4-pin)
- Speed 100, 200, 400, 800 Mbps
- Hot-swapping e Plug-n-Play Support
- S.O. Windows 98SE/ME/2000/XP, Mac 10.2.4 or next Support

HFW800CI Features:

- Chipset TI TSB81BA3 (PHY) e TSB82AA2 (LYNX)
- Bus PCI 64-bit
- 3 ports IEEE 1394b (9-pin)
- Speed 100, 200, 400, 800 Mbps
- Hot-swapping e Plug-n-Play Support
- S.O. Windows 98SE/ME/2000/XP, Mac 10.2.4 or next Support

The new Hamlet cards will be available in September, price to final user (VAT included) Euro 79,00 for HFW800CB (PCMCIA) and Euro 69,00 for HFW800CI (PCI).
