- Battery capacity: 350 mAh
- Product dimension (W x D x H): 430 x 125 x 8 mm
- Compatible with Windows, Mac and Android

**Package Contents**

- Bluetooth Keyboard
- USB charging cable
- User manual

## 2. Product overview

1. Power/Bluetooth pairing/Low battery Led
2. Charging/Bloc Num Led
3. On/Off switch
4. Micro USB port

## 3. Battery charging

The top led indicator will flash yellow when battery is low.
Plug in the provided USB charging cable into keyboard's Micro USB port and connect to a powered USB port.
During charging, the bottom led light turns red. A full charge requires about 2-3 hours or until red light turns off.

**NOTE**
We recommend to fully charge the keyboard before first use.

# 4. Installation

To connect the keyboard to a Bluetooth device, proceed as follows.
1. Turn on the power switch on the upper right side of the keyboard. Led indicator turns on white for 3 seconds to indicate power on.
2. Press **Fn** + **1/2/3 Bluetooth** keys for a few seconds until the led indicator starts flashing white then release the keys.
3. On your device, look for "Hamlet XKKITA-MCBT" in the Bluetooth devices list and connect to complete pairing. After successful connection, the led indicator stops flashing.

Note: The keyboard supports connecting three devices.
To switch between Bluetooth devices, press Fn + 1, 2 or 3 key once.

# 5. Use the function keys

Use the function keys at the top of the keyboard to control multimedia functions of your computer such as brightness, music playing, volume and more.
Standard function keys work differently depending on keyboard preferences of your system. If multimedia keys do not work, hold he **Fn** key when pressing a function key.

The keyboard features three shortcut keys that allow you to quickly configure multimedia keys according to the operating system used.

- Press Fn + A/Mac for Mac OS.
- Press Fn + S/Windows for Windows 10 or later.
- Press Fn + D/Android for Android 5.0 or later.
