Introduction

Hamlet Smart Headset is a lightweight stereo headset with adjustable microphone for hands-free communication. It is ideal for Internet calls, online gaming sessions, listening to music, chatting and telephony applications such as Skype™. Smart Headset has a comfortable design with soft ear pads and an adjustable headband that lets you wear it all day long. The built-in microphone offers good voice quality and can be positioned freely.

Installation is very easy thanks to Plug-and-Play function, simply plug the cable into your computer without the need to install additional software.

USB-C connection allows use with computers, tablets and smartphones while the volume controls are at hand on the cable.
